## Course Overview

*This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.*

### Introduction

Refresh your skills in agricultural and veterinary (AgVet) chemical use so you can keep up with changing work practices.

This course is designed to bring you up to date with changes that have occurred in AgVet chemical use since your original certification. It covers the process of applying chemicals under supervision, using handheld or small powered equipment, and transporting, handling and storing chemicals safely.

### What will I Learn?

- changes to labels
- application of equipment and calibration
- new legislation that is in place
- records and vendor declarations
- hazards and chemical use
- personal protection
- integrated pest management.

### Course Outcomes and Career Opportunities

On successful completion of this course, you will receive AgVet Chemical Users certification and re-registration with AusChem.
