Course Overview

This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.

Introduction

If you are currently working on a farm, this course will provide you with an understanding of the safe operation of tractors and front-end loaders in any given situation, with or without attached equipment. You will learn skills to safely use the various components and controls of a tractor and front-end loader. The course also includes procedures and guidelines, occupational health and safety, and risk management information.

During the two days of face-to-face training, you will be assessed over a range of surfaces, weather and terrain conditions, with a two-week gap in between the two days.

What will I Learn?

- prepare a tractor for operation
- prepare a front-end loader for operation
- operate a tractor
- operate a front-end loader
- complete a tractor operation
- complete a front-end loader operation.

Course Outcomes and Career Opportunities
