Course Overview

This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.

Study from home during COVID-19 restrictions

Whilst we pride ourselves on our hands-on training, we have had to adjust most of our courses for study from home and remote learning during the COVID-19 restrictions. This means courses will be delivered using a range of methods including online learning, virtual classrooms, workbooks and direct contact with your teacher.

Given the government restrictions that are now in place to reduce the spread of coronavirus in Australia, we expect this new model of study will continue until the government makes changes to these restrictions.

Introduction

Students will learn in a practical and hands-on learning environment. This course enables you to obtain the skills required for employment as a Remedial Massage Therapist in a variety of different work environments, to even running their own business.

The Pure Academy Massage Clinic component also provides invaluable practical hands-on workplace experience in a supervised setting, allowing students to develop confidence and integration of various techniques as they learn to assess and treat clients.

What will I Learn?

As part of the Diploma of Remedial Massage students will learn a wide variety of hands-on techniques, skills and physical tests to further solidify and strengthen their treatments and enable them to successfully be able to apply them in a real clinic environment.
