LOCATIONS	Warrnambool, Portland, Hamilton, Colac
STUDY MODE	On Campus, Short Course
Length	Four evenings or two days
Commencement	Follow the book now button for upcoming dates
Timetable	Four evening classes (6pm-10pm) or two full-day classes

Course Overview

This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.

Introduction

In many workplaces, portable electrical appliances and equipment must be tested and inspected on a regular basis. Having the necessary skills to do this is essential in certain workplace roles.

This course is designed for non-electrical tradespeople. It will give you hands-on training in the skills, knowledge and certification you need to be able to test, inspect, tag and keep records for portable electrical equipment.

Note: You may need to buy a continuity and insulation resistance tester (or leakage current tester) and safety switch tester to perform this work, depending on the type of equipment being tested. This equipment is available from electrical wholesalers.

What will I Learn?

- frequency of inspection and tests
- visual inspection
- electrical testing
- tagging and record keeping.

Course Outcomes and Career Opportunities

On successful completion, you will receive a card that confirms your Testing and Tagging of Portable Electrical Equipment qualification.

Course Requirements

This section gives you an overview of entry requirements, course units and electives, skills recognition, and assessment criteria.

For this course, you will need to:

- provide photo ID to the trainer on the first day of the course
- bring a pen and paper
- wear casual clothing.

Units offered

This short course does not include accredited units and training.

Fees

This section gives you an overview of course fees, subsidies, and how they can be paid.
