Course Overview

This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.

Introduction

The Restricted Electrical Worker's Licence Grade 2 (previously named the Disconnect/ Reconnect Worker's Licence) entitles you to carry out low-voltage electrical installation work relating to fixed electrical equipment that is connected to your primary trade, vocation or occupation that would otherwise require the services of a registered electrical contractor, or a licensed electrician.

The Restricted Electrical Worker's Licence entitles you to carry out electrical installation work involving disconnection and reconnection of equipment, such as:

- Electrical appliances
- Water heaters and gas appliances
- Composite equipment
- Motors
- Refrigeration and air conditioning equipment
- Instrumentation and control devices
- Electronics
- Control devices
- Hazardous Area Equipment
- Neon signs (pre-assembled)

What will I Learn?

- Prepare to disconnect electrical equipment
- OHS requirements for disconnection reconnection of electrical equipment
- Disconnect electrical equipment in accordance with Australian Standard
- Prepare to reconnect electrical equipment
- Reconnect electrical equipment
- Test the reconnected electrical equipment for safe operation
- Identify and Report Faults
- Provide status reports

Course Outcomes and Career Opportunities

On successful completion, you will receive a Statement of Attainment for this course.

Successful completion of this short course will not automatically entitle you to a Restricted Electrical Workers Licence. A licence application is

required through Energy Safe Victoria and conditions apply.

Course Requirements

This section gives you an overview of entry requirements, course units and electives, skills recognition, and assessment criteria.

Entrance requirements & pre-requisites

Prior to booking in this course, you will need to contact Energy Safe Victoria on (03) 9203 9700 to determine your eligibility for a Restricted Electrical Worker's Licence Grade 2.

The Restricted Electrical Workers Licence can only be issued when Energy Safe Victoria is satisfied that you require the licence as a requirement that is incidental to your trade, vocation or calling. You must be able to display competence in a relevant field to which the disconnection/reconnection work required is a significant function of your job and your trade history.

For this course, you will need to:

- provide photo ID to the trainer on the first day of the course
- bring a pen and paper
- wear appropriate PPE, long sleeve shirt, long pants and enclosed footwear.
